Real World Learning

MVA Teacher Network
CCP Apprenticeship

Join a network of your peers!

Are you an educator eager to engage your students in more real world learning? Learn to effectively implement Client-Connected Projects (CCPs) in both core and elective classrooms. Participants will go through a 3-day workshop, receive a $1000 workshop stipend and receive on-going coaching throughout the school year while ideating, engaging with employers, collaborating with other educators, and implementing with students.

Key Components of a Client Connected Project

- Engaging with industry professionals (clients) to create projects.
- Making connections to curriculum and targets
- Creating student structure and roles
- Project management
- Building and maintaining relationships
- Use of tools and technologies to facilitate the CCP experience
- Student-led problem solving and project pitching
- Tracking MVA experiences for your district reporting strategy

Apprenticeship Benefits & Takeaways

The CCP Apprenticeship will be personalized to each educator's needs. We'll kick off in August 2023 with a 3-day workshop followed by virtual sessions and tailored coaching throughout the 2023/24 school year.

- How to work with your RWL Coordinator.
- Strategies for engaging with employers.
- Access to resources and one on one coaching throughout the 23/24 school year.
- Introduction to process ideas for student success (i.e. Design Thinking).
- Confidence in designing successful CCP.
- Network with other educators both in-person and online

How to Apply

Link to Application OR **Scan QR Code**

Who Should Apply?

Classroom teachers who are new to MVA experiences and need additional support to boost confidence in implementing.
