

MVA Teacher Network CCP Apprenticeship

Join a network of your peers!

Are you an educator eager to engage your students in more Real World Learning? Learn to effectively implement Client-Connected Projects (CCPs) in both core and elective classrooms. Participants will go through a 2-day workshop, receive a \$1000 stipend, and have ongoing coaching throughout the school year while ideating, engaging with employers, collaborating with other educators, and implementing with students.

Key Takeaways

- How to work within your school or district network for support (i.e., Principal, RWL Coordinator, school counselors, instructional coaches, etc.)
- Strategies for engaging with employers
- Access to resources and one-on-one coaching throughout the 24/25 school year
- Building the student journey to real-world learning success
- Project Prompts and Design Thinking in CCPs
- Confidence in designing a successful CCP and developing a project plan
- Network with other educators both in-person and online

Why Register?

Access resources built by master teachers and adapt them to fit your needs

Attend a 2-day workshop and build a CCP plan that works for you for the 24-25 year

Benefit from ongoing support and build relationships with teachers doing similar work
