June 2 —ProX Internships Begin

June 9-13—Show Me Careers

June TBD—CAPS Summer Huddle

#### **Communities of Practice**

Communities of Practice meet-ups explore specific strategies for MVA implementation and include opportunities to network and learn from peers doing similar work and facing similar challenges. The format includes thematic presentations, breakout sessions, and networking opportunities.

# Teacher Network | CCP Apprenticeship Workshop, History Co:Lab & Startland Entrepreneurial Teaching Accelerator

Teachers in our workshops learn to effectively implement Client-Connected Projects (CCPs) and Entrepreneurial Experiences in both core and elective classrooms with ongoing support throughout the school year from Mentor Teachers.

## **Principal Fellowship**

The fellowship is a chance to use a community of practice framework to analyze and leverage data, use change management strategies and increase student agency. The fellowship will be personalized to meet the unique needs of each high school.

#### Student Voice

Students will engage in activities focused on student agency and voice in Real World Learning. Two students from each high school will be invited to participate and choose from the following student-led groups: Student Voice Delegates - using student voice to inform RWL at classroom, school, and state levels. Student Voice Ambassadors - raising awareness and providing mentorship to peers on the benefits of RWL experiences; and RWL J-Lab sharing RWL stories via print, digital, and video.

#### **Regional Industry Activation**

In partnership with industry, the RWL Hub coordinates access to employers at scale on behalf of the network through events and programming.

#### **Health Pathways & Partnerships:**

Events include Career exploration of healthcare fields, educator externships, and a healthcare hiring fair in the spring. This school year will also include a pilot of the "Healthcare Pathways," which aims to streamline the process for regional learners and healthcare providers to identify, verify, and complete prerequisites for healthcare experiences.

#### Peer Learning Networks (PLN)

The RWL Hub will continue to focus on professional learning, and peer networking to increase capacity and ensure learning opportunities for specific roles within the network for RWL success and sustainability. In 2024-25 school year PLNs will meet up during the Communities of Practice events with additional opportunities to connect virtually.
